Subject: MICROSOFT IS A PREDATOR

Dear Judge:

I am a former Microsoft executive - and please excuse me but I'm not going to give you my full name in this e-mail for fear of reprisal.

Net-net: there is no question that MS explicitly targets competitors and uses every dirty trick in the book (and more) to put them out of business. I've seen it - more than once.

Ihave no idea why the DoJ totally rolled over on this one...looks like they just took a dive. Maybe MS is giving tothe GOP big time - I don't know. But I do know that the PFJ is a very bad deal for everyone who's not a MS millionaire -and even many of us that used to work there are not proud of what we did.

I'd ask you to make sure that Microsoft is held accountable to the same laws as everyone else. No one else will.

John

Seattle, WA.
